ROLLINS DROPS THREE GAMES ON PRACTICE TOUR

The varsity basket ball team returned from their three-day training trip to the West Coast Sunday with no wins and three defeats chalked up against them. The games were close, however, and the experience received in actual combat together with the additional training dished up by Coaches Hill and Bailey has put the Tars in fine trim for Miami University tomorrow.

Avon Park American Legion

The Avon Park American Legion team defeated the Rollins College varsity at Avon Park, Thursday night, January 5, in a rough and tumble basket ball game by the score of 25-17.

The Tars were handicapped by the small playing floor and at the end of the third quarter were in the tail-end of a 21-8 score. A sprint in the fourth quarter by the Rollins team brought the score to 21-17 and it looked as though the Tars would drop in enough markers for a win, but with three minutes to go the Legion dropped in two baskets and had the game on ice.

Pickard played a good defensive game at guard for the Tars, while Zaller, McCoy and Schnuck carried the brunt of the offense.

It was the first game of a three game practice trip for the Tars and a tough one to lose. A return game with the Legion at the College Gym will be played February 4 and the Tars are confident of a victory.

(Continued on page 2)

Ocoee Five Forfeits Game To Baby Tars

The Baby Tars won a forfeited game from Ocoee Tuesday night in the Rollins gym. This was the first of a series of games the Baby Tars will play as members of the Orlando Independent League.

The game was called in the fourth quarter when an Ocoee player not satisfied with slugging his opponents swung at the referee landing a glancing blow on his shoulder. The score stood, Rollins 11, Ocoee 8 as the game came to an abrupt ending.

AMONG THE FACULTY

Today, January 13, Dean Carrothers is in Atlantic City, N. J. He is on an inspection tour of schools for the American Association of Colleges. He has already been through New York City and Philadelphia.

Mr. and Mrs. Clinton Scollard have come to spend about five months in Winter Park. They are both of the Rollins English Department.

Miss Helen Gleason reported a very frosty, though merry, vacation in Ohio.

Mr. E. N. McWhite drove to North Carolina for the holidays to

ROLLINS BOOSTERS HOLD LUNCHEON AT KATINKA

A merry crowd of Rollins Alumni, faculty and students gathered in Tampa on December 29 for a luncheon at the Katinka cafe. The Tampa Rollins Club under the direction of Miss Margaret McKay, '23, sponsored the meeting and it is hoped that this may become an annual affair.

Mr. A. J. Hanna, toastmaster, had everyone introduced followed the Rollins Rouser and the Dinky Line. The election of officers of the Club followed resulting in C. W. Lawrence, President.

Frank Abbott led a lengthy discussion on the Russian pictures in the cafe. The one in which he was particularly interested he named "The stagat ere had drunk his fill."

President Emeritus Ward who was to be on the program, was unable to be there. Mr. D. B. McKay, Sr., was to be the guest of honor but was detained by business. However his family was well represented.

Dean Carrothers gave a fine talk on the Rollins Spirit after which the Alma Mater was sung.

Those who went to Tampa from here were Dean and Mrs. Carrothers, Mrs. Orpha Pope Grey, Mrs. Cass, Prof. Bueno, Prof. Harris, Mr. Perry of the Music Department and Mr. A. J. Hanna. Edna Wells, Austin Lacey, Carl Warner, Paul Hilliard and Frank Abbott represented the class of 1928; Anne Lupton and Donald Pound, 1929; Virginia Stelle and Cappie Graham, 1930. This year's freshman class had the largest representation of Virginia Scales, Victoria and Sara Dickinson, Rosemary Conklin, Ruth Payne, Pet McKay, Barnelia Woodward and Jane Folsom.

Varsity Confident For Conflict With Miami

The Rollins College Varsity will leave Saturday morning for Miami, where they will play the University of Miami quintette in the opening game of the season.

Coach Bailey will have charge of the team on the trip as Coach Hill has been called away for the week.

The Tars will answer to the opening whistle with the full strength of the squad, with the exception of McCoy. His loss will be keenly felt as he played a stellar game on the pre-season training trip.

Miami is reported as one of the strongest teams in the state and are out for the scalps of the Tars in the opener. The Rollins team feels the same way so an interesting evening should be enjoyed by all on Saturday.

be with his mother and sister. He must have had a hot time because his car burned up on the way back.

Coach Sam Hill saw Broadway in all its glory when he spent his vacation in the metropolis. He says he had quite a "showy" time.

WINTER TERM OPENS WITH MANY NEW STUDENTS AND INCREASED FACULTY

Y. W. CABINET GUESTS AT STETSON BANQUET

The Y. W. C. A. Cabinet of Stetson College entertained the Rollins Cabinet with a banquet at the Dresden Tea Room, DeLand, on Saturday evening, January 7.

Following the dinner, which was accompanied by a musical and dramatic program, the girls formed a semi-circle before a huge log fire. A short devotional service preceded the discussion of the work done by the Y. W. C. A. at both colleges. The interchange of suggestions gave each Cabinet new and effective ideas with which to launch future undertakings.

The affair closed with the invitation given by Miss Florence McKay, President of the Y. W. C. A. of Rollins College, to the girls of Stetson College to attend the Co-ed Ball in Winter Park on January 21.

Happy Children Enjoy W. A. A. Party In Gym.

Friday evening, January 9, W. A. A. entertained the Rollins youngsters with a Kid Party, held in the gym. At 7:30 the children began to play Farmer in the Dell, Drop the Handkerchief, and Chase the Squirrel. A long distance grin was won by the Even team, which had 1,860 inches (probably because of Sissy Fulsom).

The kids were given milk and cookies since they sang the W. A. A. song so well.

Following the dancing, and the Paul Jones, came the grand march. Louise Holland won first prize as the meanest, cutest little girl, and Verna Maxson as the toughest, cutest little boy.

The Broom Dance lasted until 9, when the kiddies were told to go home before they became tired. They were reminded to thank the hostesses as their mamas had told them.

Coach Chase Renews Vigorous Crew Practice

With a few preliminary weeks of training and the Christmas holidays over, crew practice was resumed last Monday with a great deal more zest. The shells are being reconditioned in the new boathouse on Lake Maitland and will probably be launched on Monday. Until then the men will continue to work out in the machines on Lake Virginia.

Coach Chase expressed disappointment yesterday at the small number of rowing candidates now reporting for practice and stated that he could use a dozen or so more men in addition to the present group of crew aspirants.

Many special students and several new regular students were registered in the College at the opening of the winter term on January third. Students from the Universities of Chicago, Iowa, Gates and several other nationally known universities and colleges have come to Rollins to take advantage of the "Winter School", made possible by the three term plan, and conducted after the fashion of the "Summer Schools" of northern colleges.

It is doubtful if any institution of higher learning in the country has more distinguished members on its faculty than Rollins will have during this winter term. Irving Bacheller, famous novelist, whose latest novel, "Dawn," recently appeared; Alice Hegan Rice, playwright; Cale Young Rice, poet; Jessie B. Rittenhouse, poet, critic and president of the Poetry Society of Florida; and Clinton Scollard, lyric poet, are the new members of the English faculty.

Serge Borowsky, Russian baritone, Grand Opera singer and composer; and Gray Perry, famous pianist, composer and soloist with the Tampa Symphony Orchestra will conduct advanced classes in the School of Music.

The course in interior decoration being given by Miss Virginia Robie, formerly editor of "House Beautiful," is proving so popular that an afternoon meeting of the class is to be organized. Frank French, A. N. A., distinguished American painter, has also been added to the Art department faculty for this term.

CHEF SYMONDS NEWEST MEMBER OF FACULTY

Rollins has added one more department to her already varied and extensive curriculum. An elementary course in cooking is to be conducted by Beatrice Holt Symonds on Tuesday and Thursday of each week. The classes will be held at the Phi Omega house from 3:30 to 5:30.

A charge of \$10.00 is made for the course, which lasts 12 weeks.

Payment should be made at the treasurer's office before attendance at classes.

Fire At Prexy's Home Spurs Student Valor

Tuesday night the home of President Holt was badly damaged by fire caused from an overheated furnace and a faulty flue.

The rear of the house was completely burned and many furnishings including personal possessions were ruined by the water and smoke which penetrated the rest of the building. Several Rollins students courageously assisted the fire department in controlling the flames.

Mr. and Mrs. Holt are temporarily residing in Mr. Dick's cottage on Lyman Avenue.

The Sandspur

Established in 1894 with the following editorial: "Unassuming yet mighty, sharp and pointed, well-rounded yet many-sided, assiduously tenacious, yet as gritty and energetic as its name implies, victorious in single combat and therefore without a peer, wonderfully attractive and extensive in circulation; all these will be found upon investigation to be among the extraordinary qualities of The Sandspur."

ROLLINS GROWS

The opening of the new term marks an important epoch in the Rollins experiment. Winter School means additional opportunities all the way around—new students to make friends among, new professors to learn from, new townspeople to become acquainted with. But that in itself does not make the winter term of especial value. It is the furtherance of the Conference plan, the addition of the literary seminar courses, the new art and music opportunities that make the friends of Rollins, of which the Sandspur is inevitably one, rejoice at the increasing vigor of this institution.

IN PROSPECTO

A new year and a new term have started. Every student at Rollins has the chance to start over with a clean slate, forgetting the disappointments and failures of the past year. A high standard of achievement for this year is ready for those who will accept it in the many opportunities here at Rollins. This should be the greatest of the memorable years the school has ever known.

ROLLINS DROPS THREE GAMES ON PRACTICE TOUR

(Continued from page 1)

St. Petersburg

Taking the lead after the first few minutes of play and holding it for the remainder of the game, the St. Petersburg "Y" Triangles defeated Rollins College 30 to 24 before a crowd of 300 last Saturday night at the "Y" gym in St. Pete.

The game was a thriller from the start, with the collegeans gaining a five point lead before the Triangle could score. Three games in as many days were beginning to take toll, however, and the Tar defense weakened and allowed the Triangles to lead at quarter time 8-5. The St. Pete defense then tightened and the half ended 11-9 in favor of St. Pete. At the end of the third period the Triangles increased their margins to 22-19. With two minutes to play the Tars brought the score to 26-24, but baskets by Kirschner and Carey gave the St. Pete outfit their final lead.

McCoy, of Rollins, was a constant threat to the Triangles. Zaller play-

ed a neat floor game, but was hampered by an injured knee. Pickard played a stellar game on the defense as did Littlefield.

While not as thrilling as the game the night before it kept the crowd on their toes every minute and it was either team's game until the final whistle.

St. Petersburg "Y" Triangles

Two baskets in the last minute of play gave the Roberts-Bize quintet a 44-42 victory over the Rollins Tars last Friday in one of the fastest basket ball games ever played in St. Petersburg. From the opening whistle until the end of the game both teams were nip and tuck with neither team holding more than a four point lead at any stage.

With the score tied at 42, all (and 20 seconds to play) Hawkins, back-guard of the Roberts-Bize team, dropped in a basket from a

difficult corner angle. Before either team could obtain another shot the game was over.

At half time the score stood 24-21 in favor of the ultimate winners, but soon after the second half started it was tied at 28-28 and from then on first one team and then the other held the lead.

Thurston played a star game for the St. Pete outfit and was high point man with 7 field goals and 2 free throws; while Kirschner, former Florida grid and cage star, played a stellar defensive game.

For Rollins Goodell was high scorer with 16 points and he played brilliant floor games.

McCoy scored four field goals and three free throws for the Tars while Zaller and Schnuck played good ball. The high score would seem to indicate loose defensive work on both sides, but the uncanny basket

shooting of both teams was too much for either defense to stop.

Buddy Goodell carried the brunt of the offense for Rollins in all three games. His floor work and ability to find the basket was a treat for sore eyes.

FRESHMAN ELECTIONS

At a meeting held Tuesday by the Freshman Class Sugg Hampton was elected Freshman representative to the Student Council. This was the first meeting of the semester and a vote of confidence was extended to the officers.

"Did I take a drink too much last night?"

"Did you? Why you took off your hat and went around taking a collection for the Dead Sea."

America Discovered for \$7200

Old records show that the cost of Columbus' first expedition to America amounted, in modern exchange, to only \$7200. To finance Columbus, Isabella, Queen of Spain, offered to pawn her jewels. Today word comes from Spain indicating that a twentieth century importation from the new world is fast effecting a sufficient saving to ransom many royal jewels. The Spanish Northern Railway reports that the American equipment with which in 1924 the railroad electrified a mountainous section of its lines from Ujo to Pajares has accomplished the following economies:

1. A 55% saving in the cost of power.
2. A reduction of 40% in the number of engine miles for the same traffic handled.
3. A saving of 73½% in the cost of repairs and upkeep for locomotives.
4. A saving of 63% in crew expenses.
5. A reduction of 31% in the cost of moving a ton-kilometer of freight.

In every part of the world, electricity has replaced less efficient methods and is saving sums far greater than the ransom of a queen's jewels. You will always find it an important advantage in your work and in your home.

The substations, overhead equipment for the complete installation, and six of the twelve locomotives for this particularly difficult and successful electrification were furnished by the General Electric Company. General Electric quality has attained universal recognition; the world over, you will find the G-E monogram on apparatus that is giving outstanding service.

CO-ED BALL

The first of the two annual Y. W. C. A. Co-Ed Balls is to be held Saturday night, January 21st at the Woman's Club. At this time the Rollins Y. W. will be hostess to the Y. W. of Stetson. This affair is always of great interest and from the reports this year's Ball will afford even more entertainment.

CLOVERLEAF CHATTER

Cloverleaf welcomes three new girls this term: Miss Eleanor Fowles; Miss Virginia Jenkins; and Miss Dorothy Emerson. Miss Fowles was at Stetson before the holidays, and Miss Jenkins comes here from Maryville College in Tennessee.

Damaris Wilson is Miss Gartland's assistant this term.

Barbara King is the only Cloverleaf girl who has not yet returned.

Barnelia Woodward, with a car full of friends attended the Saturday night production of the San Carlo Opera Company "La Traviata."

Mrs. Templeton, of Miami, has been visiting her daughter Marian.

Ruth Osborne is living at home this term.

SIGMA PHI

Pledgees of Sigma Phi are: Helen Massey, Harriet Gleason, Marguerite Le Beau, Margaret Soller, Catherine Green, Gladys Morton, Elizabeth Morton, Jane Folsom and Ruth Osborne.

Sigma Phi wishes to announce Mrs. S. J. Hackney as honorary member and Maud Van Buskirk, associate member.

Eleanor Holton is missed since she has been detained in North Carolina. Hope she returns next year.

New members at the Villa this term are Beatrice Jones and Marjorie McMichael and of course—"Patsy," "Tis," or whatever you care to call our dog.

The house was deserted Monday night when all the little girls went skating at the Coliseum.

K. E. KOMMENTS

Kappa Epsilon rejoices in the coming of their Sorority Mother, Mrs. Irving Bacheller.

Kappa Epsilon wishes to announce as pledgee Myra Thomas.

We are almost as thrilled as Laura is with her baby.

Evelyn Green and Virginia Mitchell have moved in since the holidays. Ten of us in the house now!

Billy entertained us with bridge and tea Tuesday afternoon, honoring Eva Thompson.

Marian Sias and Helen Link were welcome callers at the house Sunday afternoon.

PHI OMEGA NOTES

Mother Race will have her hands full, now that three new members joined our family. Camille Beach, Marcella Halper and Frances Vallette are living at the house.

Another prize winning contest. Pope is sponsoring it so that her little dog will be properly named.

A royal reception was awaiting Martha upon her return from New Jersey. Florence, Lu and Fritz spent the afternoon at our favorite indoor sport, preparing a four course steak dinner. Moral:—Come back after everyone else is here.

Boots Weston entertained her Bridge Club on Friday, at her home in Virginia Heights. Mrs. Donald Walker received first prize, a pair of book ends; Mrs. Roland Barze, second, a bridge set; and Miss Donna Chapman, consolation prize, a powder box. Chicken patties, sandwiches, nuts and candy were served after four progressions.

Helen and Shep are still missing. It doesn't seem the same without them.

Being the president of Y. W. Florence keeps us posted on all the affairs. Saturday she took Marcella and Mrs. Race to a dinner party given by the Stetson Y. W. at DeLand.

Eloise faithfully carried a car full to hear the Hungerford Singers on Sunday.

As usual the bridge fiends were holding forth Sunday night. Bassett's capacity for pop corn may account for his score.

ALPHA OMEGA

There seems to be a lonesome place left among us without Rosie's cheerful smile and chatter. She is needed at home now in Pittsburg on account of her mother's serious illness.

Mrs. Scott had to move out of the house Christmas time and go to Carothers—it seemed so lonely with everyone gone.

Bobbie and Hazel travelled many weary miles home to hang up their Christmas stockings—but it was worth it, they say.

Gerry and Ginny were at the house three nights after vacation.

Good old Julia came up from Windermere Monday to see us. She is soon leaving for Johns Hopkins to train as a nurse. We expect that many people will develop sudden ailments now.

The Alpha Omega slogan seems to be, "By Our Socks Shall Ye Know Us."

Tiny was married and divorced—all in one evening. However it was all quite proper, as it was strictly un-authorized.

Our idea of the way to defy these frigid Florida night breezes is to role up in a blanket and sleep on a screened porch.

LAKESIDE RIPPLES

There were those who did not want to go to the "Kid" party. One of them finally decided to play. He was an awful pirate, and quite ferocious he looked, too.

It seems rather strange not to see Marjorie, Jessie, Camille, and Marcella around any more.

What can one think of a girl who goes home to spend the week-end just four days after the end of the Christmas vacation? If it had been anyone else but Ann we might have been surprised.

Boots Bockway has decided to honor us with her presence. We're glad you came over, Boots.

Three figures on the floor playing with a set of building blocks. By the side of one of them a disreputable straw hat. Shades of Huckleberry Finn, what a scene for a college campus!

W. A. A. SONG

The R girl is the grandest girl
Of all the girls I know.
Her paddles and swims,
Heated games in the gym,
Account for her freckled nose.
She is the emblem of sportsmanship
True sister of the Tar.
So raise your glass
To the fairest lass,
The girl with the Rollins R!

SPEAKERS OF THE WEEK

On Thursday, January 5th, Sherwin Cody gave an interesting talk on his religion.

He presented what he believed to be an outstanding problem of the church—namely that there is need for a new religion which adopts the policy of honest thinking.

For two thousand years, according to Mr. Cody, the church has emphasized moral integrity to the neglect of intellectual integrity.

He also maintained that the courage to stand for one's convictions and the patience to carry them out are essential factors accompanying honest thinking.

On Thursday, January 9th, Professor Jenks spoke concerning the outstanding political problems of Nicaragua, giving a clear presentation of the facts in his well-known amusing and witty style.

On Tuesday, January 10th, Dr. Holt gave an address which dealt with the characteristics that are essential to rounded and happy life.

In closing he stated that not only will a student be chosen by the faculty each year to receive a medalion, but in addition to this there is a possibility that some faculty member will be chosen by the student body to receive a character award.

Doc—Do you sleep on the flat of your back?

Patient—No, on the back of my flat.

WE HAVE WITH US=SENIORS

HERBERT O. BARBER

On one of the 365 days of 1902, one of our seniors was born in Orlando, Florida. Just why Herbert keeps his birthday a secret is not known. As a boy, he was apparently a prodigy, for the first school he is reported to have attended is the Orlando High School. During the latter years of his life, he has been a student at Rollins, while preparing himself to take a medical course. In this connection may be mentioned his exclusive and extensive research work in the laboratory here. It is reported that Herbert knows every acid in the Chemistry lab, by its first name.

As a traveller on the far-famed Wekiwa river and as coxswain of the successful R. G. P. crew, Herbert has proved himself an expert canoeist. Says a former member of his crew,

"What he may lack in mere brute voice is fully compensated by his verdant choice of phrases."

In answer to a brief questionnaire propounded by the Inquisitive Reporter, Herbert is reported to have said,

1. He does not always attend chapel.
2. He is a STILLwater Baptist.
3. He is not prepared to report on the failure of Prohibition.
4. He has been out of the State of Florida, twice.
5. The successful man must leave politics alone.
6. Men can't live without women.
7. He likes the Dean very much.

From these answers it is easy to see that Herbert is a scholar and a gentleman.

Though a member of Rollins Key Society, Rho Kappa Sigma and

ELIZABETH ATKISSON

Imagine a stage banked with ferns and potted palms. The accompanist is seated at a grand piano and in the curve of the instrument stands a tall slender girl. Her hair is short in soft light ringlets, her eyes are blue, and her dress is possibly a delicate rose certainly it is quaintly old-fashioned. She is singing in a voice that rivals a bell in sweetness and cleanness, "The Second Minuet" or perhaps it is "Love Is a Bubble." Her song ends. She bows. Her dimples show and her face glows with a glad sweet smile. Now you have seen Elizabeth.

Elizabeth graduates with a B.M. this year. For the present she will teach Public School Music but if dreams come true we will hear her on the concert stage before we are many years older.

She came to us from the Blue Grass country of Kentucky in her freshman year and since then has been loved by all who have come to know her for her quiet pleasant courage, her tact, and sure sense of fairness.

After her junior recital last year we are looking forward to Elizabeth's senior recital. She will again play the role of Yum-Yum this year in "The Mikado," which the Conservatory presented so successfully last year.

Elizabeth belongs to both Phi Beta and Kappa Epsilon sororities. In turn she has held the offices of secretary, treasurer and vice-president of the K. E. sorority for the past two years.

Kappa Phi Sigma, Herbert seldom attends any of the meetings, thus making his occasional presence noticeable and greatly appreciated.

Late As Usual

In an Atlanta cemetery one tomb bears at the top: "Helen Vance, Wife of Harold Vance, 1854. I await you." Then beneath is carved: "Harold Vance, 1889. Here am I."

At the base of the inscription someone has written, "He took his time."

"I'll help you with that Math, Joe; I've got it all here in a nutshell."

Voice from the other room: "Oh! you've memorized it, eh?"

Gert—Where has Johnnie gone?

Marge—Well, if the ice is as strong as he thinks it is, he has gone skating; if not, he has gone swimming.

Sam—Boy frien', I shuah got 'n easy job today.

Bo—What doin'?

Sam—Keepin' the candle burnin' on a Fisk tire ad.
